

Leadership Excellence Applied Diploma (LEAD)

www.ti2.ae

Overview

The **Leadership Excellence Applied Diploma (LEAD)** is a unique and exclusive programme, validated by University of Cambridge International Examinations (CIE), global leaders in international assessment.

Objectives

- Strategically developing leadership qualities and abilities.
- Providing a foundation upon which students can build to respond to the constantly changing and dynamic business atmosphere in Abu Dhabi.
- Successfully lead students to implement and achieve the strategic vision for Abu Dhabi.
- Updating students with the most current managerial practices and trends.
- Expanding analytical abilities enhancing the student's leadership capabilities within multiple business environments.

What is Unique about LEAD

- Prestigious and internationally recognized qualification.
- The students will be selected from the UAE Nationals in management posts whether governmental or private sectors who benefit from this unique opportunity.
- Due to the support of numerous companies, this diploma has substantial credibility in the local market.
- Students can participate without leaving full time employment.
- The diploma is unique to the whole region and students will receive regular support and guidance from programme advisors, mentors and coaches.
- Curriculum content is adapted to the region.

Target Audience

UAE Nationals who aspire to senior executive leadership positions within companies and who hold the following:

- Applicants should hold a Bachelor's degree or equivalent.
- Two years management experience is preferred
- Candidates without a Bachelor's degree should have a minimum of 5 years managerial experience.
- Applicants will successfully complete a pre-assessment and panel interview to determine suitability to attend.

Highlights

Injazat is a Gold Sponsor of this programme and candidates will get invites to all the sponsored events in which leaders around the globe will be invited to attend and give presentations.

Throughout the 14 months of this programme, candidates will be able to network with leaders from other organizations and develop strategic leadership qualities and abilities that will add real value to their business and career development.

Top graduates of the LEAD programme may be offered the opportunity to be fully sponsored by ALDAR to complete an MBA with a selected British University Partner.

Registration

Ti² will handle all registration for this programme and will work in collaboration with LEAD to coordinate the pre-assessments and interviews that will determine candidate places and start dates.
