

Biography

Mohanned Hourani, PMP, PRINCE2

Training Manager
The Injazat Institute (Ti²)

Mohanned is a founding member of The Injazat Institute (Ti²), and holds the position of Training Manager within the organisation.

He is directly responsible for planning, organisation and delivery of a range of training programs within Injazat and for external clients. This includes the establishment of a PMP Certification Program which is designed to enable participants to pursue a career in project management supported by PMP® certification obtained within the timeframe relevant to their qualification and experience.

Mohanned holds Project Management Professional (PMP ®) certification, granted by the [Project Management Institute](#) (PMI), and PRINCE2 Practitioner certification from [Office of Government Commerce](#).

He was responsible for establishing and running Program/Project Management Offices and has been directly responsible for a number of large and medium projects.

Over the past fourteen years, Mohanned has been concentrating his professional experience and development in Training and Development, Project Management, and PMO set up and management.

Mohanned was a key player in the creation of Career Development Plans (CDP) for Injazat employees and external clients through professional development principles and practices.

Mohanned has strong industry knowledge and experience in Information Technology, Banking and Finance, and the Government Sector.

He was one of the key speakers at the 2010 [Abu Dhabi Economic Forum](#) in February 2010 presenting a case on 'Training in a Troubled Economy.'

Mohanned has strong leadership and team building qualities, and excellent communication skills.
